

New to handling wool? The Maine Sheep Breeder's Association is sponsoring a workshop at the Fiber Frolic. Come join the fun now that the sheep are shorn and you have a pile of wool... What are you supposed to do with the wool prior to bringing to a mill?

Come and join Ammy Rice, from Bartlettyarns and NHSWGA to learn what she looks for in a fleece, skirting techniques and other wool handling practices! Ammy has been on the front line of Bartlettyarns Wool Purchasing and is certified from ASI as a wool clip classer.

This will be a hands-on event.

Where: Windsor Fairgrounds; June 2 (Sunday) – following the shearing competition.

When: 12:30

Who can come? Everyone that wants to learn how to skirt a fleece or has questions for Ammy.

Contact Donna Flint (email: Donna.flint@maine.edu or cell phone: 207-651-0916 if you need more information.
